## Smooth Away Lines for Youthful Skin

---

### TREATMENT TALK /

#### *How Does It Work?*

---

Our anti-wrinkle treatments are administered in precise doses to targeted facial muscles, blocking nerve signals to prevent new static lines and soften existing ones. This smooths wrinkles, restores a youthful look, and enhances natural contours. The treatment also helps maintain skin elasticity and promotes a rejuvenated appearance.

---

### 1 Areas / **FACE**

**£150**

This treatment is for **one area**.

Including either 'Crow's Feet' (lines around the eyes when smiling or squinting) or 'Frown Lines' (lines that appear between the eyebrows when frowning, often called "elevens").

---

### 2 Areas / **FACE**

**£200**

This treatment is for **two areas**.

Including 'Frown Lines' (lines that appear between the eyebrows when frowning, often called "elevens") and 'Forehead Lines' (lines that appear when you raise your eyebrows).

---

### 3 Areas / **FACE**

**£250**

This treatment is for **three areas**.

Including 'Frown Lines' (lines that appear between the eyebrows, often called "elevens"), 'Forehead Lines' (lines that appear when you raise your eyebrows), and 'Crow's Feet' (lines around the eyes when smiling or squinting).

# GLOW GETTER

Renew & Brighten Your Skin

## **TREATMENT TALK /**

### *How Does It Work?*

---

Skin Microneedling, or collagen induction therapy, uses fine needles to create micro-injuries that stimulate collagen and elastin production. This improves skin texture, reduces fine lines, and targets scarring, pigmentation, and sagging. It also enhances topical product absorption for smoother, firmer skin.

---

## *Microneedling /* **NECK**

---

# REJUVENATE

## Feel-Good Vitamins: Inside Out

---

### **TREATMENT TALK** / *How Does It Work?*

---

Intramuscularly administered vitamin injections provide a safe and precise delivery of essential nutrients, ensuring high levels of absorption. This method bypasses the digestive system, allowing for faster and more effective nutrient uptake to support energy levels, immune function, and overall well-being.

---

#### *Vitamin* / **B12** (EVERY 2-3 MONTHS)

---

**£35**

B12 injections are recommended every 2-3 months to boost energy, improve mood, and support metabolism. This essential nutrient is crucial for nerve health, making red blood cells, and building DNA. B12 injections can help reduce fatigue, enhance mental well-being, and support cognitive function.

---

#### *Vitamin* / **BIOTIN** (EVERY 2-4 WEEKS)

---

**£40**

Biotin injections, recommended every 2-4 weeks, promote healthy hair, skin, and nails. They strengthen hair, improve skin tone, and enhance nail strength and growth over time. By supporting the body's keratin structure, biotin contributes to overall hair and nail health, as well as a radiant complexion.

---

#### *Vitamin* / **D** (EVERY 3-6 MONTHS)

---

**£55**

Vitamin D injections effectively strengthen immunity, regulate mood, and support bone health. This nutrient aids immune function, enhances mood, and boosts calcium absorption for strong bones. Each treatment lasts 3-6 months, providing vital support for overall health.

---

#### *Vitamin* / **GLUTATHIONE** (EVERY 1-2 WEEKS)

---

**£75**

Glutathione injections detoxify, improve skin tone, and boost the immune system by neutralising free radicals. This results in a brighter complexion, reduced pigmentation, and a youthful appearance, while promoting optimal cellular health for lasting vitality.
